Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the communication dated August 14, 2000 in the above-identified patent application, wherein an election of species has been required for the previously elected Group V claims 21-29 and 34-49, applicants hereby elect species (c).

The claims readable on such elected species (c) are claims 21, 26, 27.

It is noted that Examiner Ngoc-Yen Nguyen has assessed the same claims 26 and 27 in the corresponding International Patent Application PCT/US99/29910, and that such claims 26 and 27 were free of the prior art in the Examiner's April 4, 2000 International Search Report in such PCT application.

Respectfully submitted,
